Canton, Feby 17, 1896

The regular meeting of the K.K.K. was held at the residence of Mr Frederic Endicott and was called to order at 8.45 p.m.; Pres Revere in the chair. Members present were — Mess. Burt, Dunbar, Endicott, Revere, Sumner, Underwood and Weston.

The records of last meeting were read and approved. Pictures were presented by Mess. Burt, Draper, Dunbar, Endicott, Revere, Spooner, Sumner, Underwood and Weston. Delinquents Mess. Gill and Morse

and Shepard. Letter from Mr Morse was read, in which, he requested his resignation from the Klub. On motion of Mr. Weston it was voted that Mr. Morse be notified, that on receipt of all fines dues from him that his resignation would be accepted; amount of fines stated by the Secy as being $2.00 for the months of Sept. and October which would close the regular year of the Klub.

The name of Winthrop Packard which had been presented by Mr Burt at the last meeting, for membership, was next balloted for, resulting six votes in the affirmative and one vote in the negative. The Pres. declared, that as there was not a majority of the Klub voting in his favor, as required by article IV he was not elected.

After some discussion, as to the legality of the vote taken in regard to Mr Morse's resignation, Mr Endicott moved that the vote be reconsidered which motion was carried. Mr. Underwood then made the following motion which was unanimously adopted, viz:—

"To notify Mr Benj E. Morse that the Klub is of the opinion that he has continuously been a member in good

standing of the Klub from the date of of his election until the receipt of his resignation Feby 17, '96.

In pursuance of this idea it appears the dues to be settled, to honorably terminate membership are as follows, viz. $600

The reg. meeting of the Klub was held at the residence of J.L. Draper.

Owing, no doubt, to the extremely bad weather there were but six members present, viz. — Mess. Draper, Dunbar, Endicott, Gill, Sumner and Weston.

The meeting was called to order at 8.40 p.m. by the Pres.

In the absence of the Pres., Mr. Weston was chosen to act in his place.

The records of last meeting were read and approved.

A letter from Mr. Morse regarding his resignation was read in which he stated that he considered he "honorably" owed the Club nothing.

On motion of Mr. Gill it was voted that the matter be laid upon the table in order that more members be present to act on same.

Pictures were presented by Mess. Bent, Draper, Dunbar, Endicott, Revere, Shepard, Sumner, Underwood and Weston; delinquent Spooner. A lantern slide was handed in by Mr. Gill it being the first one offered to the Club. This unusual event brought out a learned discussion on slides between Mess. Dunbar, Endicott and Gill while the rest of members present sat around in awe and amazement.

After discussing the easiest manner and quickest way possible to get home, it was voted to adjourn.

Canton, April 27, '96

The monthly meeting of the Klub was held at the residence of Mr Jas. L. Draper, and was called to order at 8.45 by the Sec'y. In absence of Pres. Revere, Mr Englehardt was chosen to act in his place. Members present were Mess. Dunbar, Draper, Englehardt Gill, Sumner and Weston. Pictures presented by all members with exception of Mr Gill who handed in a lantern-slide.

The fact that so many members were again absent called forth some spicy remarks regarding their non-appearance.

It was thought, rather than deal harshly with the absentees, it would be wiser, in order to awaken their waning interests, to hold out some inducement to entice them to the next meeting. Some had an idea that

if the Treas. would allow himself to be hypnotized they could secure the large amount he was said to have concealed in an old stocking, and put it to better use. One suggested "souvenirs", but the majority whose appetites are always with them decided that if they could get the "mon." they would "blow it in" on a supper.

The Secy was requested to look up any by-law relating to this subject but as he could not find the combination it was agreed to wait till some more favorable opportunity before making a break for the stuff. He was instructed, however, to use his best endeavors to get every one to the next meeting.

The Secy now had a chance to read the records of last meeting which were approved. The balance of the evening was taken up in looking at pictures and talking on a variety of subjects.

The monthly meeting of the K Club was held at residence of Mr E. L. Underwood and called to order at 8.40 Pres. Revere in the chair.

Members present were Messrs. Dunbar, Endicott, Gill, Revere, Sumner, Underwood and Weston. Pictures were presented by all members with exception of Mr. Shepard who is hereby notified to pay to himself as Treas. the sum of $1.00 fine. Mr. Gill handed in a lantern-slide in place of photo.

The records of last meeting were read and approved.

The name of J. Chester Horton having been proposed for membership at a previous meeting by Mr. Dunbar, was balloted for, resulting in his re-election to the K Club. by a unanimous vote. Also the name of Winthrop Packard

presented by Mr. Burt was balloted for resulting in his being elected the thirteenth member.

On motion of Mr Underwood it was voted "That the name of Mr. Benj. E. Morse, be dropped from the roll of the Kanton Kamera Klub and that it be recorded as the reason therefor, "the non-payment of dues."

The resignation of Edw. D. Draper from the Klub was accepted unanimously, with regrets.

In order to make the meetings more enjoyable and to arouse a keener interest in the Klub, it was moved by Mr Underwood and adopted "That hereafter, at the regular meetings slight refreshments be furnished, the expense to be paid from funds in the treasury, limit being fixed at $2.00, and meetings to be held as follows viz:—

Canton, June 15, '96

The reg. meeting of the Klub was held at the residence of Mr. J. D. Dunbar and called to order at 8.30 p.m. by Pres. Revere in the Chair.

Members present Mess. Bent, Dunbar, Endicott, Gill, Horton, Packard, Revere, Shepard, Spooner and Sumner.

Records of last meeting were read and approved. Pictures were received from all members.

It was voted that Mess. Revere and Sumner be a committee to draw up resolutions on the death of James L. Draper one of the charter members of the Klub, and report at the next meeting.

After examining the pictures handed in, discussing their merits and demerits, the members returned to their old desire for spending the ever increasing fund in the Treasury. An enlarging Camera was suggested as being a good addition to the property of the Klub but as there

was not an unanimous opinion in its favor, the matter was dropped for that of ~~purchasing~~ a lantern; this also was allowed to pass although there was no dissenting voice heard. ~~heard~~ Perhaps, Knowing that refreshments were about to be served the members were hardly able to keep their minds sufficiently on the subject to give it their proper attention.

They were, however, obliged to vote that another photograph book be procured as the present one was already filled and Mr. Dunbar was instructed to purchase a new one.

After enjoying the hospitality of Mr Dunbar it was voted to adjourn

Canton, July 20, 1896.

The reg. meeting of the ~~K~~ was held at the residence of Mr. Wm. B. Revere July 20 and was called to order at

8.40 p.m. Pres. Revere in the chair.
Secy's report of previous meeting was read and approved.

The resolutions on the death of Mr. Draper, as reported by the committee were unanimously adopted. Viz:—

"The members of the Kanton Kamera Klub have received with profound sorrow the announcement of the death of Mr. James L. Draper, a member of the Klub, and desire to express the full sense of the loss of an honored friend and devoted member, whose uniform courtesy and kindness has endeared him to us all.

We wish to place upon our records our appreciation of his many sterling qualities and to tender to his family our deep sympathy and condolence in this sad time of their bereavement.

Resolved, that this testimonial be extended upon the records of the Klub and that the Secy be instructed to forward a copy to the family.

Members present at this meeting were Messrs. Burt, Dunbar, Endicott, Thurston, Revere, Shepard, Sumner and Underwood.

Pictures were presented by all members excepting Mr. Weston.

It was noticed and commented on by some that those who were the most ardent for having the meetings continue through the Summer, were absent.

Although the night was stormy, every one present was well repaid in attending as it was one of the most enjoyable meetings of the Club.

The conversation was not confined strictly to business and a stranger present would scarcely imagine that he was attending a gathering of a Camera Club.

Everybody seemed to get off on a "wheel"; even those that walked, and when remarks about gears, chains, sprockets etc were circling around a novice could easily have told what a crank was.

Mr. Dunbar was requested to make his report on the purchase of a photograph book, but before he had a chance to do so Mr. Underwood moved that he be granted further time, which motion was carried. This seemed quite necessary when Mr Dunbar was finally heard from.

After enjoying refreshments and cigars it was voted to adjourn to the Sept. meeting.

Canton, Oct 19 '96

The reg. meeting of the Klub was held at residence of Mr. Underwood and was called to order at 9 o'clock Pres. Revere in the chair.

The lateness of the hour in opening the meeting was caused by the tardiness of several members, who, no doubt, could give a satisfactory reason for their late appearance if it was deemed necessary.

The delay caused the host some uneasiness for it was feared that scarcely members enough would be present to corrall the bountiful refreshments that were to be served later. Records of last meeting read and approved.

Members present, according to the latest returns, were Mess. Endicott, Gill, Packard, Revere, Sumner and Underwood. We also had with us, as guests, two ex-members — Mess. Eager and Fenno for whom the Klub cherish a fond remembrance, ~~for~~ they, not

only in times past presented the Klub with fine specimens of their art, but on their withdrawal they materially contributed to the fund in the treasury thereby showing the interest and good wishes they felt for its success.

For one other ex-member we wish we could feel the same; however, no doubt he believes that a fine not paid was so much to his credit. Alas! he never will be missed.

Pictures were rec'd from all members and claimed the usual attention after which the conversation became general and varied, and the smokers burnt considerable tobaco.

After refreshments it was voted to adjourn

Canton, Nov. 23 '96

The annual meeting of the Klub was held at the residence of Mr. Weston and was called to order by the Secy at 9 o'clock.

Members present, Messrs Dunbar, Endicott, Horton, Packard, Sumner, Underwood and Weston including Mr. Shepard who was rung in with the fire alarm at a late hour.

In absence of Pres. Revere, Mr Endicott was chosen to act in his stead.

Pictures were rec'd from all members with the exception of Messrs Burt and Revere.

After report of last meeting was read and approved, and the members had got warmed up to business, Messrs. Dunbar and Underwood were appointed a committee to nominate officers for the ensuing year. They reported the following names, which were ~~subsequently~~ balloted for and declared elected, viz:— Pres. Wm. B. Revere, Vice Pres. and Treas. J. C. Horton, Secy F. W. Sumner, Curator J. D. Dunbar.

It was reported by one of the Klub, that a new camera-fiend had been seen lurking about the out-skirts of the town, where-upon the members became greatly excited and demanded his capture. It was advised, rather than to proceed as is the custom, it would be wiser to secretly ballot for, and then break the news gently to him, as it was known that he was yet timid and unskilled in his art and had not become hardened to the criticisms his works would under-go. A motion was put to this effect and unanimously carried, the candidate being Mr. W. Stone.

The bright, particular, entertainment of the evening was an illumination tendered the Klub by our worthy host (at somebody's else expense however), in the shape of a fire. It looked a little strange that he should have timed it so, that the alarm was given just as his guests were about to seat themselves before the appetizing lunch he had provided.

There followed an abrupt adjournment, pro tem, without a dissenting vote, for the scenes of the illumination, and on the return of all it was pronounced a success excepting by a few of the

wise ones who declared it was a case of "under-development".

All were surprised to find that our Treas. had arrived during their absence and immediately there was a call for his annual report. He asked to be excused, that on the grounds that not knowing that this was the annual meeting he had neglected to bring his books.

Those whose appetites were not fully satisfied, at the first sitting, returned to the dining room while the rest entered into general conversation.

At an unusually late hour it was voted to adjourn

The reg. meeting of the K. Club was held at residence of Mr. Endicott, and called to order at 8.40 m, Pres. Revers in the Chair.

Members present — Messrs. Dunbar, Endicott, Gill, Horton, Packard, Revers, Shepard, Sumner, Underwood and Weston.

Records of last meeting read and approved. Pictures recd from all members.

In consequence of some disparaging remarks made by Mr. Underwood, regarding the condition of the "Cutter", implying that it, possibly was being used to cut tobacco, Mr. Endicott made a motion "That no member shall have charge of the "Cutter" that uses tobacco in any form." This motion was lost by quite a decided majority, thus exonerating our faithful Curator from any misdemeanor.

On motion of Mr. Underwood it was voted that the Treas. give his annual report, but as that officer had not come prepared he was unable to comply. It was subsequently moved by Mr. Underwood that the ex. Treas. give or hand in a written statement of his accounts at the next meeting,

This motion was carried.
As this concluded all business, the members gave their attention to photography with more enthusiasm than of late, which was only interrupted by a request to adjourn to the dining room. After refreshments they returned to the same topic with renewed vigor and although the hour was getting late it required several votes on adjournment before the motion was finally carried.

The reg. meeting of the Klub was held at residence of Mr. J. C. Horton and was called to order at 8.30 Pres. Revere in the chair. Record of last meeting read and approved.
Members present – Mess. Ames, Endicott, Dunbar Gill, Horton, Packard, Revere, Shepard, Sumner, Underwood

and Weston. Pictures recd from all members.

This meeting was given up entirely to the discussion of photography and to enjoying the fine collection of views belonging to Mr. Horton.

Mr. Shepards report as Tr. Treas was forth-coming at this meeting and although his juggling with the figures was caused, perhaps, by a temporary loss of vision, the correct amount of bal. was as it should be, much to the relief and gratification of the members. Bal. 5.2^{86}

It was voted to accept this report. It was also voted that the Secy procure the necessary blanks so that receipts for money could be given each member for payment of dues etc.

An innovation, during the evening, was the toning and fixing of several prints on Aristo Platino Paper by Mr. Horton.

During refreshments all were delighted with the appearance of a many storied cake with a big "K" or rather three of them, being the coat-of-arms of the Klub, which surmounted the frosting. By the manner in which it disappeared it suggested the thought that some of those present could "take the cake", if not a photo. In more senses than one this meeting was "up to date" and it came pretty near being the day after, before it was voted to adjourn.

Pictures recd all members with exception of Mr. Gill who handed in a lantern-slide.

For part of the evenings program Mr. Shepard kindly volunteered to entertain the members with an example of flash-light photography by taking a picture of them in a group.

After crowding them into as small a space as possible for fear that some would be left out and darkening the room, the fuse was fired, there was a terrible glare and the ordeal was over. Everybody behaved with remarkable coolness, which showed the confidence they had in the professor.

He deftly developed the plate and after

putting it into the hypo. to soak, he requested an adjournment to the dining room. Here a dainty lunch regaled the inner man, and reinforced for the fray they left the plates for the plate, which by this time was ready for examination.

It was perceived at once that there was space on either side of the group for the absent members but a shadow hung over them, for which many tried to account in various ways but which, no doubt, was the shadow cast over the Club by some of the members who resigned without paying their dues. The picture, otherwise was a success.

Canton, March 15, 1897

The regular meeting of the Club was held at the Canton Corner Engine House, Mr. Packard acting as host.

The meeting was not called to order until nearly 9 o'clock as some of the members had entered into a warm discussion over the approaching Canton Centennial Celebration.

In absence of Pres Revere, V. Pres. Horton presided

Record of last meeting read and approved.

A letter from Mr. Spooner was read requesting his resignation if it be the pleasure of the Club, stating his reason for withdrawing that it was impossible for him to attend the meetings owing to his indefinite absence from Canton. On motion it was voted not to accept his resignation and that he be notified to that effect.

A difference of opinion between Messrs. Packard and Underwood regarding the language in which this message should be couched, it was decided to allow the Secy to use his discretion in choosing the proper style.

Everybody being so pleased with the appearance and cheerfulness of the Engine Co's Hall as a place of meeting, it

was voted on motion of Mr. Underwood that a committee of three be appointed by the chair to negociate for it, or something as suitable, for permanent quarters of the Klub, and report at some future meeting. The chair appointed Messrs. Underwood, Packard and Endicott.

Members present at this meeting, as follows viz:—Messrs. Ames, Dunbar, Endicott, Gill, Horton Packard, Sumner, Underwood and Weston.

Pictures recd from all members.

While Mr. Packard was overseeing the preparation of the appetising lunch that was to be served later, the belligerent members again got into an antagonistic frame of mind on the Centennial question, and it was only by frequent interruptions that harmony was restored.

It was readily perceived that owing to the public spirit of the Klub, it was advisable to secure head-quarters where all up-to-date topics could be aired.

The name of Geo. Walter Gason as proposed for membership was balloted for and he was declared elected.

The reg. meeting of the Club was held at residence of Mr Geo. Bent. and was called to order at 9 o'clock by V. P. Horton.

Members present Mess. Stimes, Bent, Capen Dunbar, Endicott, Horton Packard Sumner, Underwood and Weston.

Pictures rec'd from all present, also one from Mr. Spooner and the usual lantern slide from Mr. Gill. It was voted to excuse Mr. Shepard from furnishing any pictures during his illness.

In the case of the delinquency of Pres. Revere the Club seemed to be in doubt whether he should pay the fine, or Mr. Weston or that both be assessed. As the matter was not decided, the Sec. thought it wise to notify Mr. Revere by the usual form.

The Club was indebted to Mr. Dunbar, this evening for a new photographic term as relating to the back-ground of a picture, which being slightly out of focus as compared

with the central object, he designated as "fuzzy", or as he afterwards put it "soft and fuzzy".

The "Centennial" question again came to the front and although it got a black eye at the last town meeting, it bobbed up serenely as ever. Long live the Centennial!

The most important subject, however, was "wheels" and apparently ~~the~~ was the most popular.

Photography is our main-stay and if it does not always get our attention it is what holds us together.

Pictures rec'd from all members excepting Mr. Shepard who is still under the doctors care. During the evening various topics were discussed, still the pictures rec'd a little attention.

It was voted on motion of Mr. Underwood that the Klub make a bicycle run to Gloucester June 20th (Sunday) and that $10.00 be appropriated for expenses of same. After discussing the desirability of various routes it was decided that the wheelmen take the train to Salem and wheel from there, the others to go by boat or rail as suited their inclinations. The trip as planned promising a most enjoyable affair, it is desirable that every one participate, and it is hoped and prophesied that all will be of one mind and not attempt to go it alone.

It is not deemed wise nor safe to travel by sea unless accompanied, and

all are cautioned not to be foolhardy and venture on the wharf in the face of a "north-easter" laden down by the weight of a camera and a dozen plates.

The reg. meeting of the Klub was held at the residence of Mr. Walter Ames and call'd to order by Pres. Revere at a late hour. He had waited patiently for the arrival of a tardy member who had been delayed by the loss of a ball from his "Fowler". Records of last meeting read and approved. Members present — Mess. Ames, Burt, Dunbar, Endicott, Gill, Horton, Packard, Revere, Shepard, Sumner, Underwood and Weston. Pictures rec'd from all members.

Regrets being expressed for the failure of the Klub to make the run to Gloucester as planned, owing to unpleasant weather; it was voted on motion of Mr. Underwood that the Klub make the trip on the first pleasant Sunday and that $10.00 be appropriated for the expenses of same.

Nothing short of a phonograph would do justice in recording the proceedings of this meeting. Enthusiasm knew no bounds; everybody talked at once; motions flew thick and fast; some reached the ears of the Pres., others did not. While this worthy officer, who is also one of the board of water commissioners, was quietly explaining to a few, the method of attaching a steam-gauge,

safety-valve or 'something or other' to the stand-pipe for fear of an explosion during the hot wave, some excited member moved to adjourn which motion he declared carried although everyone remained and continued to transact business just the same. One of the most important acts of these unusual proceedings was the proposal and ballot for the name of Herbert L. Fenno as a member. He was declared unanimously elected, Mr. Weston acting as Teller. Knowing what a valuable adjunct he would be to the Klub owing to his generosity in the past as a charter member, it was urged that there be no delay in notifying him; consequently the Pres. appointed Messrs Underwood and Sumner a committee to immediately convey the news to him and demand his presence at once. They hastily mounted their wheels and rode to his house. On their return they reported that they had seen Mr. Fenno who had appeared at the second-story window in his night clothes, ~~and~~ that he had refused to "come down

off his perch". The committee had scarcely given their report when Mr. Firmo was announced. He said, in explanation of his actions, that after the committee had returned, his wife had advised him that there might be a possible expense attached to his non-attendance and that he had better remove his pajamas, don something more appropriate and hasten after the committee with all speed.

Records of last meeting read and approved. It was voted to accept the account of the Gloucester trip as printed in the Canton Journal of July as an official record of the Klubs outing.

The trip was voted a decided success barring the worry and alarm occasioned by the strange disappearance of Mr. Ames who did his best to explain that his protracted absence was due to nothing but what was perfectly legitimate

The non-wheelmen who must have secretly congratulated themselves that the season was so far advanced that the subject which was dying its natural death, been rudely shocked when they heard one enthusiastic sportsman proposing a shooting match for the Klub, but this idea did not fully mature at the hands of its backer, neither the trip to Cresent Pk or Fields Pt. which will probably materialize at some future meeting.

The evening was very pleasantly spent in the interest of photographic art, and after the pictures had been examined and refreshments partaken of an adjournment to the lawn was no doubt welcomed by the non-smokers who could occasionally get a whiff of pure air between the clouds of smoke. Here the balance of the evening passed quickly and the meeting adjourned at a late hour

Records of last meeting read and approved. Two members failed to furnish pictures for this meeting: Messrs. Capen and Shepard. Their generous contributions of $1.00 each will be awaited with interest as it is long since such a sacrifice has been offered up

It was voted that the Klub have a camera outing on the Sunday following; everyone voting in its favor. It afterwards proved nine members participated, viz: Messrs Ames, Capen, Dunbar, Endicott, Fenno, Horton, Packard, Sumner and Underwood. The place visited was Houghton's Pond. The weather fine but too windy to do good work some thought. Pictures rec'd at the next meeting

may disprove this theory.

The attention of the Club was divided, during the evening, between photography and the question, "What constitutes taxable property?". Alas! the members will never know, for unfortunately the Press was not called upon to decide the latter question.

We had with us this evening Mr. Eager, one of the charter members of the Klub, but who now rests upon his well earned laurels having resigned his membership with the expiration of his office as Secy.

Mr. Eager helped to enliven the evening with his droll wit, already boisterous from the numerous spicy remarks of the members.

The flash-light picture of the Klub, taken by Mr. Shepard at the February meeting was presented by him this evening.

Various criticisms of his work were expressed which were not at all favorable to his skill or possibly to the staying powers of his sitters, for, from an unbiased opinion it would appear as though most of them had fallen asleep from exhaustion during the long interval in which he was making careful preparations for the exposure. Someone asserted that he could pick out from the group several strong resemblances of prominent men, such as the "Yellow Kid" and Mr. Eaton of Quincy.

Mr. Shepard in order to make amends drew from the deep recesses of his pocket another picture, that of an attenuated ballet-girl entitled "A case of overexposure and underdevelopment."

This new curator, Mr. Dunbar is expected to mount in his most approved style.

For the first time, a picture on the new paper "Am self toning" which does not require toning, was presented by Mr. Bull.

The Klub as a camera club should be interested to produce good work and to apply the latest approved methods for its advancement.

Happily can be it said that each one is capable to bring forth good work but he is not always inclined to give to the Klub his best. This is a question that might be discussed with profit at some future time.

With this meeting ended the fourth year of the Klub's existence; the first meeting for organization being held at the house of Mr. Jas. L. Draper Nov 20, '93

The Pres. announced those elected as follows — Pres. Wm. B. Revere, V. Pres. Fred. C. Horton, Secy F. W. Sumner, Curator J. L. Dunbar.

It was voted that the appropriation of $200 for lunches be discontinued.

Mr Packard moved that the By-Laws be so amended that in the case of Mr. Skinner he would have the standing of an honorary member subject to no annual dues but liable to fines as heretofore unless he presented a picture at each meeting.

The chair appointed Mess. Dunbar and Sumner a committee to prepare such amendment.

The attention of the Klub was called early and often to the subject of purchasing a lantern, resulting in the chair appointing Mess. Endicott and Horton to investigate the matter.

Mr. Weston had prepared a tempting lunch to which the Klub did ample justice and no doubt there was a lingering sadness that this was the last $200 lunch that was to be served.

Membership fee and fines to conform to by-laws VI and VIII; the annual dues only to be omitted."

Mr Packard moved that the report of committee be accepted and that they be discharged, which motion was carried.

This meeting was a very harmonious one due in part to the presence of Mr. Hildreth who represents The Vera Paper Co. and who gave an instructive talk and experiment on the toning and fixing of prints. He held the attention of his hearers so closely that they hade no time to wrangle over side issues

Mr. Dunbar, whose enthusiasm got the better of his judgement, opened the window with the thermometer at zero in order to keep his pulse at normal while the rest stand around with their coat collars turned up. It was voted that a new photograph book

be purchased to take the place of book number one so that all books would be uniform. Mr. Underwood was delegated to procure the same. After refreshments and a smoke-talk the meeting was adjourned.

Although the weather was stormy there was a goodly attendance. Members present — Messrs. Ames, Bent, Dunbar Gill, Horton, Packard Revere, Shepard, Sumner and Underwood. Pictures or lantern-slides rec'd from all.

Records of last meeting read and approved. Mr. Revere announced that Mr. Edwyn A. Capen tendered the use of his studio to the Klub.

any time acceptable to them, but no action was taken on the matter.

Mr. Gill provided a lantern for this evening to show up the successes and failures of those who had ventured into the art of lantern-slides. This proved instructive as well as entertaining and demonstrated that many were on the road to success.

After refreshments there was a brief talk on photography followed by a vote to adjourn as some of the smokers were suffering from a case of total abstinence.

Mr. Endicott moved, and the motion was carried, that the report be accepted and the committee discharged.

It is not often that the Klub has two such thrilling topics for discussion of an evening as the return of the "Klondikers" and the "Spanish War". The latter subject was doubly interesting as one of our members, a naval-militia-man, Mr Packard, had suddenly been called to the front, to guard against the shots of the enemy, "snaps" or otherwise. On motion of Mr. Underwood it was voted that the Klub take an outing in July and that $10.00 be appropriated toward the expenses of same. After this motion was passed it suddenly occurred to a few members that the treasury was being looted and their voices were immediately raised in protest. They thought it wiser to spend the money for something of more benefit to the Klub, and backed up by the generous offer of Mr. Weston to buy an enlarging camera saving to the Klub 25%. on its price, they gained their point resulting in a

reconsideration of this motion.
It was then voted that Mr. Weston be a committee of one to purchase the camera on these terms.
It was decided to arrange for an outing at the June meeting.

Fenno, Shepard and Revere

Owing to the illness of Mr. Shepard it was voted on motion of Mr. Underwood he be excused from presenting a picture at this meeting

Owing to the postponement of outing as planned for the 17th it was deemed best that a committee be chosen whose duty should be to appoint a day and place for one, easily accessible to both wheel-men and those who preferred the electric. It was voted that officers of the Klub serve as such and notify the members when arrangements were perfected

Mr. Weston, who was expected to produce at this meeting an enlarging-camera with a five foot bed, arose to make what appeared to be an apology, stating that he had spent a half day,

which certainly was a high price, considering the discount he could obtain.
It is not known how much additional to the above he paid, for he hardly had a chance to say he had bought it, when the legal minds decided there was "no sale" on the grounds that the goods had not been delivered.
Mr. Endicott immediately moved that the committee be discharged as he had not obeyed instructions
This motion was unanimously carried
The inquisitive ones were curious to learn the particulars, but Mr. Weston, who evidently thought he had been sat on, refused to divulge anything further
Later in the evening when harmony was restored, Mr. Weston cleared himself by stating that he had been basely deceived by the dealer. This was after refreshments which had probably conquered his rebellious feelings. The meeting adjourned at 11 o'clock

Mr. Skinner. Report of Treas. showed a balance of $40.29 on hand.

Mr. Endicott, in proposing the name of C.H. Eager for membership, voiced the sentiments of the meeting, for it was the general feeling that he ought never to have resigned from the Klub. His re-election followed as a matter of course.

Luckily Mr. Eager happened to be in the vicinity which obviated the necessity of a messenger, and, as he bounded into the room the "glad hand" was extended.

The Pres. requesting a report for any unfinished business during the year, Mr. Stone, the committee on Mauser rifles, volunteered the information that the genuine could not be found. When questioned sharply, he admitted that he had not called on several well known dealers. His discharge was immediately voted.

The next business was the election of officers. Mess. Endicott and Fenno on nominating committee presented the following names viz:—

For Pres. Wm. B. Revere, V. Pres. and Treas. I. C. Horton, Sec'y F.W. Skinner, Curator J. B. Dunbar.

These were subsequently elected on one ballot.

The recent lantern slide exhibition given by the Klub at the G.A.R. fair has

awakened considerable enthusiasm and the coming year will probably show large advancement in this line of work.

Mr. Dunbar suggested that in view of a future exhibition, lantern slides be handed in by every member at each meeting, but it was the sense of the Klub that all had not perfected themselves sufficiently in the art, to bring in first class work.

Refreshments were served calculated to fortify the members for a tramp homeward through snow drifts to the outlying districts. With the vote to adjourn ended one of the few really enthusiastic photographic meetings held.

The reg. meeting of the Club was held at residence of Mr. Dunbar, Pres. Reeve in chair.

All members present excepting Mrs. Spooner and Shepard. Photos or slides furnished by all. Records last meeting read and approved.

The Club was agreeably surprised by receiving a package from Mr. Spooner, containing photographs his own work for each member.

It was moved by Mr. Weston and seconded by Mr Packard that a vote of thanks be given Mr. Spooner and that the Secy convey to him in writing the acknowledgement of the Club. This motion was unanimously adopted.

Mr. Dunbar also moved, which motion was carried, that Mr. Underwood be instructed to purchase two photograph books for the Club. Mr. Underwood raised the question as to the advisability of members notifying the host of their intentions to be present or not at a meeting, as it placed the host at times in a dilemma not knowing for how many to provide. No action was taken on this but it was the sense of the meeting that those not intending to be present, notify the host to that effect.

As Mr. Packard had kindly provided a lantern from Thompson & Co for the evening

so that the members might enjoy and compare its results with one belonging to Mr. Carpenter of Sharon. Mr. Dunbar thought it wise to partake of the lunch he had provided before advancing on the enemy.
After all had fortified themselves the lantern was unpacked and set up. Mr. Packard who should have engineered the thing gracefully retired giving place to those who were chock-full of suggestions, and as these were numerous the result was simply chaotic. One wise man who evidently had read somewhere in the scriptures, but not recently, about the foolish virgins thought that the wicks were not properly trimmed. Another with more muscle than wit seized the bull by the horns or rather the lantern, nearly dislocating his arms as well as the lantern.

Without going more into details suffice it to say the question simply resolved itself into one of physics and taken by a dispassionate man would have turned what was a defeat into a victory. Agents for lanterns can still safely solicit the patronage of the Kanton Kamera Klub
The lantern of Mr. Carpenter fulfilled its mission and under its fascinating beams the beguiled members stayed on till the unheard-of hour of midnight before the vote to adjourn. R.W. Sumner Secy

At this meeting the Klub seemed to have regained its old time vigor and showed its fanaticism for the true art by taking up all the popular topics, so foreign, yet so necessary to the pursuit of photographic study. Whether the members were inflated by Ponkapog ozone or the whiffs from its leading industries, science has yet to determine; that there was a decided bullish tone to the market was evident.

A letter from the Stoughton Camera Club was read challenging the K.K.K. to a game of base-ball. No one took the matter seriously consequently no action was taken. Mr. Eager, however, always prolific with original ideas, suggested various games in which he never excelled, such as stick-knife and squat-tag. The latter apparently struck the popular fancy and it was voted on his motion to challenge the Stoughton Club, giving them first innings, Charlie offering to be "It."

On motion of Mr. Shepard it was voted that the Klub have a field-day during the summer of '99 and that a committee of three be appointed with power to ~~affect~~ select the time and place of the outing and to arrange all details appertaining to the game. Messrs. Underwood Capen and Stone were appointed to serve on that committee. Advice was freely offered which they declined, to accept claiming that the vote granted them full powers. Mr Shepard stated that was the idea he wished to convey. The Klub awaits their decision with some anxiety.

It is almost needless to add that the

afore mentioned atmosphere not only created an increase of appetite for the good things provided, but it was responsible for two members dodging around the corner seeking the fountain of youth. otherwise known as tonic.

After adjournment the man-on-foot set a lively pace for home nearly leaving those who ride awheel in the rear.

There is a biblical proverb which says that "a city which is set upon a hill cannot be hid", also we hear that recollections of a feast stay long with a man, hence it is no wonder that the camera club turned out well to greet Pres. Revere for the July meeting at his home on the hill top.

The smoke of good cigars spread halo

rings about this hill and their firefly-like glow lured footmen and bikemen to the place where the scent of red raspberries clung but even all the alluring scents could not prevent our procrastinator from being the last man in, as usual. In the cheerful gloaming the club listened with great interest to the report of the Tally-ho ride committee and unanimously complied with the demand of the chief member for the discharge of the Committee.

It was agreed that the ride should be taken though the discussion of ways and means, direction and date was left open for a later decision.

Upon adjournment to the house the report of the proceedings of the previous meeting was read by Asst. Sec J. D. Dunbar and was adopted. A letter from comrade R. L. Weston detailing his adventures in prune farming in the wilds of Idaho was received with much delight as also some pictures shot through his unerring shutter.

The Asst. Sec also discovered among the minutes a list of what purported to be unpaid fines and referred to it with much gentle tact and diplomacy, only to have the authenticity of list doubted, and its payment disappointingly deferred until the proving of the record.

A popular feature of the evening was the adjournment to the dining room where the tempting display led all minds to thoughts of fruit culture and where it was discovered that however much the members of a family differed as to the way raspberries are and ought to be raised the result on the table was ample justification for any method. At a late hour the gentle swish of rain warned the members of possible weather complications and the meeting was adjourned.

The animals went into the ark two by two but they came to the Camera Club one by one and not very

frequent at that. Meanwhile Walter Jones, the host, walked the floor and changed his face with the continual arrivals from one of gloom and apprehension to a wreath of smiles. This last appeared in its full bloom when Dan showed up and he realized that whoever else stayed away no refreshments would be wasted. Mr. Wm. Dunbar was a welcome guest and Emmo was no later than usual but Mr. Endicott lost his usual glory as the last man, for the long delay in the appearance of the nearest neighbor brought out the suggestion that he ought to have his trees pruned by that time and it was moved and carried that the Secretary send him a note assuring him that it was now a full hour after the time of meeting and he was requested to appear. As usual, however, Underwood won and appeared in time to turn the laugh upon the conspirators. After all this trouble the records were read and approved and it was voted that Shepard be excused from sending in pictures until further notice. The discussion on the printing of forms for notification of the meetings brought out a startling amount of ingenuity and everything was suggested but the faith cure which was surely next in order when the club was opened by a vote to urge

postal cards and a series of rubber stamps, the matter used being easily reduced to the lowest terms.

Eight men repaired to the dining room where they arranged themselves in group form and proceeded to develope appetites that were toned by Walters special brand of toning fluid and fixed for a time at least by a lemon sherbet as smooth as Dennis's excuses for bringing in pictures.

Walter however, reversed the usual order of proceedings by taking the picture only after the toning and fixing process was satisfactorily completed. Then the smiles were reduced, the company faces put on and the camera looked in the eye while Walter aimed cartridge after cartridge that were as ineffectual as Spanish shooting. Finally the man with the long head suggested that if the marksman would take the cap off the cartridge it would explode and contrary to the usual rules of gunnery it did.

As seen by the picture exhibited some time later every man was hit.

The meeting adjourned after the usual discussions on photography and everything else on earth and if fewer in numbers than

usual it made up in good humor and festivity. Members present Fenno, Bent, Capen, Underwood, Endicott, Packard, Dunbar, Stones, pictures being brought in by all of these, excepting Fenno, and slides sent by Horton and Spooner.

Mr. Fenno delinquent on picture.

If there was no particular interest for photos this evening it was not to be wondered at, for between Hawes' curios and Dick's startling statements relating to his snakes and fruit-trees, the Klub was kept guessing. A vote of thanks was extended to Mr. Hawes

for the use of his hall. After refreshments adjournment was in order.

The annual meeting of the Klub was held at the residence of Mr. Capen. Pres. Revere in the Chair. There was a good attendance. Absentees - Mess. Eager, Skinner and Shepard.

Delinquent on pictures Mr. Eager.

Record of last meeting read and approved.

The Treasurer stated that he did not bring his report for the reason of not being properly notified of annual meeting.

Election of officers being in order, on motion, it was voted that the Chair appoint a nominating committee. Mess. Underwood, Dunbar and Weston being appointed they reported as follows viz:-

For Pres. Wm. B. Revere, Vice Pres. and Treas I. C. Horton Secy. Chas. H. Eager, Curator Winthrop Packard

By vote Mr Dunbar was ordered to cast one ballot for same. The Chair announcing their election.

Mr. Underwood moved that Article II be so amended that the offices of Secy and Curator be held by two persons. This motion started so many parliamentary pyrotechnics that some of the members were glad to crawl to cover for it was clearly shown that as the officers had been duly elected for the coming year, such an amendment could not be legally made.

A subsequent motion by Mr. Emmo that said article II be amended in such manner that the two offices be divorced but such amendment not taking place until the end of the fiscal year or sooner if the office be vacated, was voted.

For the first time, members, who are not prejudicial against wheels of any kind enjoyed the privilege of travelling by the new electrics. But with it's corresponding drawback — they were compelled to leave the feast spread before them in order to catch the last car for home leaving the rest to enjoy it and to which they did ample justice, after which adjournment was in order

A meeting of the Golf club was held at the residence of Mr Weston at the usual hour. The President failed to put in an appearance owing to his affinity for a rival club. Our Vice Pres & Treas filled the chair and he might have been Secretary for the asking as Mr Fenno declined the honor. Some of the members from force of habit brought pictures. Those that did not Miss Eager & Fenno had been so long weaned from the old club & its traditions - they forgot their little absentmindedness will cost them $1.00 each. In digging among the old ruins two committee men on outing were exhumed Miss Ames & Weston. When sufficiently resuscitated Mr Westons voice was heard pleading for more time but it didn't work! In his dilemma he suggested a sleigh-ride but the chances for that seemed so remote that he was finally given further time to consider his troubles. Another member Mr Dunbar whose inquisitiveness was too much for his bump of caution was soon in hot water. In trying to escape he ran up against a bunker

or a foggy plate he was not sure which. Our secretary's prolonged absence no doubt was the cause of much of the uneasy feeling that pervaded the club. His presence must be insisted upon for its safety— Harmony was partly restored by an invitation to the dining room to which the following responded Mess Ames Batt Dunbar Endicott Ferno Horton Shepard Sumner Underwood & Weston. The announcement of the 11 oclock car saved the club from complete disaster

A special meeting was held at the house of President Endicott. Members present had the pleasure of selecting a photograph, from a fine lot of views of White Mountain Scenery, presented by Mr Spooner. Each of the nine members present selecting a different photograph as his first choice, without knowing what the preceding members had chosen.

Notwithstanding the vote to the contrary at the preceding meeting, a feast was served in the Presidents dining room, (not known to the inner man) in the shape of 50 lantern slides received from the Brockton Club.

After some controversy the following five were selected as best.

1	No. 5	"Can he make him drink"	A. G. Smith.
2	No. 14	"Snow Study"	E. B. Packard.
3	No. 46	"Country Curves"	G. W. Loring.

The regular meeting of the Kanton Kamera Klub was held at the residence of Mr. G. Walter Capen. and was called to order at 8-30 by President Endicott.

A very complete report was made of the December meeting by Secy Eager. and unanimously approved. The report was an excellent piece of work. and suggests that Mr. Eager should have taken up Literature instead of Golf as an occupation. Our curator however found his delivery so rapid. that it took him some time to absorb the whole report.

No report of the special meeting being ready. the report of the Outing Committee was called for. Mr. Weston stated that only a part of his prayer for snow had been granted. and was given more time. as usual.

Motion was made and carried to send Mr. Spooner a vote of thanks for the choice photographs received from him by the Club.

The lantern slides of the Cape Ann Camera Club were then exhibited. and it proved quite a task to select five best from so many good ones. The following were finally chosen

1 No. 13 "Dashing Wave" Geo. D. Winchester

2 No. 45 "Lobstermen in Fog" Ernest L. Munger

3 No. 43 "Just as the sun went down" Conrad R. Hanson

The character of the slides selected had a very chilly effect on the members that got left. some even turning up their coat collars. although the evening was very warm.
Later in the evening after President Endicott had put in his appearance, it was suggested that we either bar out snow scenes from the next set of slides, or send a different representative to the Lantern Slide Exchange meeting. This suggestion was of course made by a member who had no snow scenes on hand.
President Endicott made his report on the annual meeting of the Lantern slide Exchange, saying that it was proposed to have to sets of slides go to each club at the same time, so that they would be received once a month.

Regular meeting held at the residence of J. D. Dunbar and called to order by Prest. Endicott. Records of last meeting read and approved. Letter rec'd from Mr. Underwood tendering his resignation, as he felt he would not be able to do the work required by the club. Voted that his resignation be accepted. On motion of the Secy it was voted that the Club furnish slides for an evenings entertainment for the G.A.R. Fair, and that Mr Packard have charge of same.
On motion of Mr. Fenno it was voted that the Club pay the expenses of hiring the lantern and operator for same for this entertainment
The next business was the consideration of prints and slides for the N.E. Exchange. The committee appointed to select prints for the exchange, found that most of them had failed to materialize and that it would be quite a task to select twenty five acceptable prints out of the eighteen furnished. As a last resort, the print albums of the club were cleaned of the dust of ages, and brought from the archives to see if they would supply the missing prints. After much research, discussion, and deliberation it was voted to appoint Messrs Endicott and Dunbar as a committee to decide on prints, if enough could be found, and with power to withdraw from the Exchange if they thought best. Mr. Fenno kindly offered to entertain the club at the next meeting, with a hint that there might be an extra attraction, as the same would be the annual meeting for election of officers. At a rather late hour it was voted to adjourn. Members present were

Canton November 18. 1901

Annual meeting for election of officers held at the Residence of H. L. Fenno, and called to order by President Endicott. Records of last meeting read and approved. The report of the Treasurer. Mr. F. W. Sumner. showed the amount on hand and received during the year. $86.17 while he had paid out $10.40 leaving a very comfortable balance in the treasury of $75.77 The treasurer reported that the bill of $10. for services of operator at lantern. slide entertainment at G.A.R. fair was still unpaid.

Messrs Endicott and Dunbar committee on prints for N.E. Exchange reported that they had decided not to send prints to the Exchange and had written to the Secy withdrawing from the Exchange for the coming year, and also reported that the Exchange had refunded $1.00 paid on the assessment for the year in advance. Payment of yearly dues was next in order, and for a short time the air was filled with bank notes, and money seemed to flow into the coffers of the club. One member who was long on fines ~~finding~~ found himself short on change, his two dollar bill seeming to fill a "long felt want" in the treasury dept. The standing of members who had failed to turn in prints was looked into, and it was voted to remit fine on Weston for failing to turn in print during sickness in Oct. also two fines on Packard while he was away in Feb. & March. One member who had not turned in any prints for several meetings. tried

in vain to recollect some dangerous sickness he had gone through or some foreign trip he had taken. as an excuse for his shortcomings. The nearest he could come to sickness was the recollection of some tooth that ought to have been filled and he found it rather expensive to acknowledge a good clean bill of health. and as he had not been any further away than the Wampatuck Golf grounds. the club mercilessly refused to remit his fines.

On motion of Mr. Fenno it was voted that the treasurer send all delinquents a bill showing amount due, and asking them to remit at the next regular meeting.

On motion of Mr. Burt it was voted that the fine for not turning in a picture at each meeting be reduced to 25¢.

Insert paragraph on following page ★

The meeting was then adjourned to the dining room where refreshments were served, and judging from the way the good things disappeared one would hardly have thought that a vote of the club prohibiting refreshments was ever passed. The former custom of the club seemed to bring the members back to old times. for a while wit and humor bubbled forth on all sides. At last a fish story by Mr. Eager capped the climax, and it was thought best to get back to business session again. Either the large proportions of the clubs balance on hand in the treasury. or the fact the the treasurer was not under bonds, seemed to cause some of the members some discomfort. and the question of dividends seemed to be in order. On motion of Mr Packard it was voted that a quarterly dividend of 9 per cent of cash in treasury be declared. to be divided equally among members of good standing. whose names

are on the books at this date.
There being a vacancy in the membership. the name of Mr Geo. H. Capen was proposed by the Secretary. and on counting the ballots he was found to be unanimously elected.
It was decided by the club to hold regular meetings for the coming year at the following places.

Dec. 1901	G. Walter Capen. ✓	June 1902	Golf Club ✓

Canton Dec. 16. 1901

The December meeting of the K. K. K was held with Chief Architect G W Capen at Canton Corner. The wielder of the lightning spun his fiery chariot down at the appointed hour and let off the august President who appeared upon the scene with more than his usual smile and a double dose of lantern slides to add to the beauty of the circumambient scenery. The same chariot brought further good tidings in the voluptuous presence of Mr Eager. who turned over during the evening to the first lord of the treasury the sum of four dollars. hush money, said to be somewhat overdue, but still regarded as legal tender.

With Mr Eager appeared Messrs Burt, Packard & G H Capen. but as these had no money in their fists, rapturous applause was not noticed in any large degree on their appearance. Indeed Packard was singled out as a special mark and appointed secretary pro-tem. He retaliated by questioning the accuracy of the records of the previous meeting which described him as having accepted a rebate from the club on account of pictures not handed in and money due thereon. This he virtuously denied and declared that he had at first accepted this

rebate and later had a change of heart and paid up like a man. As the man he borrowed the two dollars of, to do it with, corroborated his statement, it was thought that it might be true and the case was placed on file pending further testimony

J. D. Dunbar appeared with a twenty five cent bust of the Goddess of liberty in his fist instead of the needed picture and his apology was accepted.

The president announced with some trepidation that he had concealed upon his person two dozen Brockton Club lantern slides and the Clubs lantern, although he had been expressly told not to. After some hesitation it was voted that the slides be shown and have it over with This was done and a pleasant half hour was passed in argument as to which were the best five and which of these should have precedent, but it was finally settled without bloodshed. It was voted however that the Brockton Club slides were not so good this year as last. not by a jugfull.

Speaking of jugfull's reminded Mr. G.W. Capen of something and he hastened to the dining room. whither all were cordially invited to attend a moment later. It is needless to say that the club thoroughly enjoyed what followed and every man had a cherry in his, and some of them went back after it three and four times.

No mishaps were recorded however and the late car was boarded with ease and elegance at the appropriate hour.

Guests welcome at the lantern slide exhibition were Mrs. G.W. Capen Miss Ida Capen, and Mrs. F. W. Sumner.

Winthrop Packard. Secretary Pro tem.

The slides selected as best, were ~~decided as~~ follows.

Regular meeting of the Club held at residence of R. L. Weston. Meeting was called to order by Prest. Endicott. Records of last meeting read by sec. pro tem Packard and approved. It was then voted to reimburse the Prest. for the expense of joining the Lantern Slide Exchange, the annual dues having been returned to the treasury when it was decided not to join the exchange. The only real important business of the evening was the vote by the Club to give Mr. Fenno the floor. Everyone present expected to hear a lengthy argument in favor of cutting the fine for not handing in prints down to twelve and ½ cents, but the fact that the Curator even had found quarters more plenty than prints. evidently deterred Mr Fenno, and he held the floor but a very short time.

The President announced a double barrel dose of lantern slides and the members prepared for an all night session.

The first to appear were the slides of the Mystic Camera Club of Medford. and as the President and Chief Lantern operator showed them on the screen the Sec'y attempted. by the dim religious light of a low down lamp. to read a somewhat lengthy dissertation on ancient history &c. that accompanied the slides. The slides were mostly collodion. and were a very well made lot. The next to be shown was the set of the Cape Ann Camera Club of Gloucester. which was also a very nice lot of slides. The Sec'y had wisely concluded that it would hardly be safe to read the description which accompanied the slides. and was very glad to put in his time in watching the screen.

The slides decided on were as follows.

Mystic Camera Club.

No. 3	Canoeing. Lower Mystic Lake -	Ernest C. Robes.
" 27	North Bridge. Concord	Chas. A. Clark
" 8	A Retired Spot. W. Medford	Ernest C. Robes

Meeting called at the residence of Sec. Horton. but owing to a heavy snow storm. blocking all travel. even the Blue Hill St. Ry. there was no one present but the Secretary. He "all by his lonesome" looked over 60 lantern slides of the Portland Camera Club and 50 slides of the Manchester Camera Club. but did not want to shoulder the responsibility of picking out the five best of each lot. As the slides had to be sent ahead in a few days the Club was unable to see them. The Secretary had also the sole and undivided interest in looking over about two hundred prints. being the second section of the Photographs of the N. E. Exchange.

Regular meeting of the Club held at the residence of President Endicott. Meeting called to order by the President on motion of the sec'y it was voted to remit all fines for not handing in prints at the ~~March~~ February meeting, at which there was no attendance on account of snow storm.

The evening was devoted to the examination of Lantern slides the first set to be shown being that of the Montreal Y. M. C. A. Club, of which the members selected the following five as best.

27	Dominion Sq. Montreal	E. T. Reynolds.
16	Incline Ry. Mt. Royal Park Montreal	G. Barrett.
17	Dorchester St.	" " "
19	Drive. Mt. Royal Park	" " "
20	A nook " " "	" " "

The next set was that of the Marble City Camera Club and the choice of the club was as follows.

Satisfaction W. R. Hayward
Cooling off " " "
A country road " " "
Cavendish Gorge L. F. Brehmer
Mt. Pico. Green Mountains L. F. Brehmer

The numbers of these slides were not taken by the Sec'y and the omission was not noticed until after the slides had been sent ahead.

Regular meeting held at the residence of Geo. Burt and called to order by President Endicott. Records of last meeting read and approved.

As there were two sets of slides on hand, the club proceeded to inspect them. The first shown was the set of the Photo Section of the Hartford Scientific Soc. of Hartford Conn. and the following five were selected as best.

32	A Winter Sunset	A Morgan
44	Bridges Roses	H.S. Redfield
19	Carlo	E. M. White.
11	Sheep at Elizabeth Park	R. N. Clark
8	Laurel Pond " "	R. N. Clark.

Then followed the set of the New Britain Camera Club. Before these had been all shown, it was noticed that one of the members was sound asleep, evidently making up for some he had lost the Sunday night previous. With some difficulty he was roused from his slumber. As he gradually opened his eyes, he beheld on the screen a beautiful vision of female loveliness. He evidently thought to himself "only an idle dream" but concluded to jump up and feel around and see where he was, much to the amusement of the rest of the members. When fully awake he hardly felt competent to judge on the merits of the slides, as he had only seen one, the girl in the evening dress.

The following were selected as best

to say nothing of the Punch bowl and its contents in the corner, and the whole supper being a credit to the committee. One member nearly had his appetite taken away on discovering that all the folding chairs had an undertakers name on them, but it was recovered later in the evening. Mr. Spooner had some very nice prints on exhibition, and also presented each member with a beautiful sample of his work, among the Gloucester fishermen. A short business session was held, and it was moved by Mr Packard that the Club continue in the New England Lantern Slide Exchange, but this motion was lost.

The Club voted that Mr. Endicott be appointed a committee of one to attend the annual meeting of the N. E. Exchange at Providence, and also voted that the Club pay the expenses of his visit to said meeting.

Barges were taken on the return trip in time to get the 11 o'clock cars, the weather being the only feature that marred a very pleasant outing.

Canton. Dec 15 - 1902.

The December meeting of the KKK was held at the residence of G W Capen. Meeting called to order at 8 30 P.M by Vice Pres' F W Sumner. Records of last meeting read & approved.

There were expressions of disappointment from all present, due to the absence and also seeming-lack of interest, photographically speaking, of our Curator. Punishment for above offence was allowed to lapse for the present with hopes that, he may never again wander from the fold.

After all this discussion our much loved President appeared upon the scene & no car in sight.

The subjects under discussion, which

were handled by the different members during the evening are as follows:
Beginning with our Pres' Fred Endicott
1 - Business in Sharon
2 - Campestris & her jaw-breaking relations
Our Ex-Secy - I C Horton with troubled mind related some of his experiences as a town father and we now shall dub him "Loco parentis"
C.H. Eager - fairy-tales & interlocutor for the evening.
G W Capen. "Parthenons" & "What I know about Blackbirds".
W. Ames - pianolas.
F W Sumner - "Coal Question" & 2 Liquid Tenses.
The next & most important subject to which our attention was called. by our host, was a well-filled table of nice things to eat & drink.

The January meeting of the KKK was held at the residence of G. H Capen. Meeting called to order by Pres' Endicott at 8:25 P.M. Records of last meeting read & approved. There seemed to be a general awakening of the members of the club for they came by the dozen Attendance 80%. Some of them must have had an inkling of the new literary vein, latterly unearthed by Eager & Sumner. Prints handed in by Ames, G H Capen, Endicott, Horton & Packard. Fines received from Burt, Dunbar Packard, Shepard, Sumner & last but not least (in amount) Tenno. Motion by I C Horton, & carried, that "A committee of three, the Pres' to serve on that committee as chairman, & to be appointed by the chair to select such negatives from the KKK members of views taken about Canton, to be put into prints & mounted in a uniform way & to be done by a Boston photographer & presented to the Canton Public Library. The chair appointed for the

committee. F Endicott, I C Horton & G Heafer.
Moved by Mr Shepard & carried, that all the prints of the KKK be brought by the Curator & handed in at the next meeting of the club.
There was a murmur, that went its rounds. O! Where, O! where is the tobacco cutter gone. Silence ensued Mr F W Sumner came to the rescue, with a few remarks, that he wished to read a short paper that had taken hours to compose.
Title. "Photography as a Lost Art" The article was nicely gotten-up & thoroughly appreciated. Moved by H L Ferno & carried, that Mr Sumner's paper be placed on file & become a part of the archives of the club.
The next on the programme was a very interesting & amusing article written by Mr Eager, subject a paper devoted to the KKK. "Good company & good discourse are the very sinews of virtue." This paper was brimming full of Charlie's wit & although we members were scorched by his pen, it was funny enough, when the other fellow got the rub.

Moved by Mr Fours, that C H Eager's paper be placed on file & become a part of the archives of the club

Mr Eager suggested that a suitable name be proposed for a paper of the KKK, which will be occasionally read at the club meetings & the secretary was not quite sure, whether Mr Eager offered a prize or not for such name.

Moved & carried, that the Secy serve as Editor of this paper

Next in order was a feed given by the host & hostess.

After a short smoke talk, the members quietly departed for home & bed.

Prints received from Capen G.H., Endicott, Horton & Sumner G H Capen tendered his resignation as Editor of the KKK paper. & Mr Eager was unanimously chosen as Editor. Paper on "Current Events was read. A touching bit of poetical verse handed in by J Chester Horton was then read Charlie then came to the front

& kept us at times spell-bound
& at others choking with laughter
listening to his verse.
The honors of "Cimex Lectularius", were equally divided
between "Fred" & Charlie.
The final act, last but not least

Through the kindness of Mr S I Carpenter of Sharon, the May meeting of the KKK was held at his home. The first part of the evening was given to things horticultural outside of the house. Then followed a large collection of Lantern Slides principally cloud-effects & some landscapes, all of which were of great merit and highly appreciated by the KKK members. The next thing in order was refreshments. After the feed, we were taken to the upper floor to inspect a well equipped dark-room. Our host had all the paraphernalia & a little more necessary for good work & for almost any photographic ~~work~~ research. We might have thought, that had we such tools & such a work-shop at our command we might be able to turn out good Lantern Slides, such as we had been observing, but could we? After bidding our host & hostess a fond good night, we betook ourselves

to the Square (Sharon) to board the first car that happened along for Canton. A "short" meeting "on the curb" was held & a discussion arose in regard to Strawberry Stock. It was then voted to hold the next monthly meet at the Wampatuck Club House on Thursday even June 11th. & look for a full moon.

Pleasant evening as usual.

The KKK tribe & friends were met by Charlie Grimes & his ponies near the "Wash" & Sherman trails & carried to the wigwam of Chief Wampatuck. The evening was enjoyably spent in gazing at the large full "moon", provided by the committee for the occasion; & which cast its golden rays over the dark blue waters of "Lake Wampatuck" with Great Blue Hill looming-up with all its grandeur in the distance & at the foot of the hill could be seen the hurrying & ever frequent trolley of the world renowned - "Blue Hill Electric Ry, going to & coming from greater Boston.

These ever varying scenes will long be remembered by the friends of KKK & their ears will still ring with the many selections of of Edison's phonograph, and also the melodious as well as enjoyable sounds that came from the caverns of our Medicine Man (Chester) & his three followers of Minstrel show fame. Our friends also will not forget the sumptuous feed provided at great expense by Charlie & Hosea & also we must not forget the extra large prize-winning strawberries not ever equalled by our Ponkapoag Exponent. Charlie was even operated upon due to "railroad cinder." It was getting late for a near-by member to appear and "Ted" was forced to call Dan up by 'phone and shortly the tardy member appeared. Charlie gave us a short discourse on "Anthrax" experiments cited of sheep in pits &c. Our president said that was cruelty to animals. We all tried to rope in our president to down Dan at chess, but no go. Packard came on the scene at 9:20 Spooner then exhibited & passed around some very creditable

portraits by himself; which were taken in the Gloucester Camera Club studio.
Mr Spooner later passed some Gloucester scenes. with the privilege of members present retaining each a copy.
Mr De Vault a guest of our host arrived at 9:30.
Supper announced ~~by~~ at 9:35. & our fellow member Spooner did not feel able to partake of the repast.
After filling-up with lobster & other good things, we ascended to the next floor to the pool-room. And nearly all entered into the sport with the ball & cue. The "wizard" of the pool room entertained us with many difficult tricks around the cushion and it led us to think, that if. he would give some attention to photography, he would surely excel in that line.
* * Meeting adjourned about 11:40 and many, who waited for

a car at the corner of Chapman & Washington St gave Sir Walter a reception as he returned with his wife from B— after celebrating his wedding anniversary.

An annual meeting without a secretary to record the doings or rather misdoings of the Klub was a bad feature, for the restraint naturally felt by the presence of our recording angel was lacking. Our dignified Pres; who usually is more than conscientious in the rulings pertaining to his office, allowed himself at moments to become a breaker of the by-laws and constitution he had sworn to uphold. This conscience, (it is necessary to admit for the sake of our conclusions, that he has one) must have troubled him, not that he showed any repentance for his misguided judgement, but for the statement he made, which was ~~a chaplain~~ that in his opinion, what we needed was a chaplain and that he moved, that ex R W Weston, serve in this capacity.

Canton, Mass., December 18, 1905.

Meeting at house of Willis S. Shepard on Green St. —

Evening somewhat cold with a light fall of snow which caused the President to lose his way and follow a devious route to the host's stable; but he backed out and with the aid of Walter Ames's serpentine cane and his own survey of the premises, reached the host's house in safety and found present in the den; W. S. Shepard, G. W. Capen, F. W. Sumner, J. C. Horton, Winthrop Packard, George Burt, Walter Ames, H. L. Fenno, E. B. Draper and Frederic Endicott.

Various topics were immediately called up: birds, including homing pigeons and the manner of catching your neighbors'; game birds: the number of deer in Canton; street railways and forty mile whiskey.

The question of allowing absent members three days of grace in which to supply the monthly photograph was discussed. It was at first voted down; but after motion, duly seconded, to reconsider, it was obsequiously and without discussion voted to change the by laws so as to provide for three days of grace. But upon reconsideration, and at the brave command of President Endicott, this vote was rescinded and so the measure failed, ultimately by unanimous vote.

When not too late, the meeting was formally

called to order and the records of the last meeting were read and approved.

The following votes were passed:

Voted: that the Treasurer be directed to purchase out of the Klub's funds a large book in which to mount photographs.

Voted: to accept George Burt's offer to mount the Klub's photographs therein.

Voted: that the Treasurer find and produce at the next meeting the old album of the Klub's photographs.

Voted: Upon motion of H. L. Fenno who, after long search, found in the Klub's Records a precedent for declaring a dividend, Voted that no dividend should be declared, and (with reproof to the one moving) that, in the event that a dividend should be declared in the future, it should not be applied pro tanto to reduce fines.

Voted: to ask ex-President Revere to give entertainment to the Klub in raspberry time.

The question of honorary members was then discussed and finally laid upon the table.

Supper at 10 P.M.

Prints were received from the faithful F. W. Sumner, W. Ames, W. S. Shepard, E. B. Draper, F. Endicott and J. C. Horton.

Canton, Mass., Jan. 15, 1906.

Meeting at house of Edward B. Draper on Chapman St.

The chief interest of the evening was created by the production of the Klub's albums, showing the work done by the members in the past. Many of the photographs spoke of the time when the Klub was in its infancy and unusual silence prevailed while the members examined the pictures which recalled half forgotten days or a swift flight of images vividly impressed upon the mind.

But, in spite of this unusual, respectful silence, the secretary noted, from various suggestions occasionally dropped, that the first Olympiad of the Klub's history dated from the time of the famous dinner at Muissets. The members continually referred to that great dinner as marking an era, and events were relegated to a time before or after that memorable occasion.

Mr Packard spoke of the article on the Town of Canton presently to appear in the March number of the New England Magazine. This caused most of those present to vow that henceforth they would help to record Canton's history in the

future by means of the photograph.
The following vote was passed:
Voted: that the record book when completed, be carefully preserved in a fire proof safe.
There were present at this meeting, F. Endicott, Geo Burt, H. L. Fenno, G. W. Capen, Winthrop Packard, F. W. Sumner G. H. Capen, J. C. Horton and E B Draper

Town politics was the chosen field of discussion for the entire evening. This finally resulted in the following vote being passed:

March 21, 1906.

Meeting held at house of H. L. Fenno.

The meeting was called to order by Mr Endicott in the usual way. Canton schools and Canton school houses were the burning questions of the evening, showing a nimbleness of mind in some of the club members in keeping abreast of the times and observing things as they pass in the town. Various solutions of the problems suggested by the foregoing topics, - were easily made, but were not noted on the records.

Mr Endicott reported a supersedeas in the Allen Dean case about which he had been called upon to make full report, - the matter superseding being the Healy ditch episode.

Evidently feeling that his report was unsatisfactory, Mr Endicott departed from his usual custom, and told a story, - how a Sharon man, whose arm was temporarily paralyzed, stood talking with his numb hand very carelessly resting on a red hot stove. Suddenly he perceived the odor of something burning, whereupon with a smile he removed the afflicted member from the stove and unconcernedly continued in conversation. This was the only joke of the evening; and owing to this fact and to the fact of its fine human quality, it was reiterated and irritated till it may be it will pass the rounds

when Weston's enlarging camera shall have been forgotten.

Later in the evening and amid rapt silence, Mr Zenno expounded and explained a truly wonderful psychological phenomenon with particular reference to photography. A birch wood fire was blazing cheerily on the hearth. In a truly magician like manner, Mr Zenno bade the members to half close their eyes and observe the flames, and lo! the long leaping flames were suddenly transformed into isolated blotches. Truly interesting! Moral, don't try to take a picture of a fire except on the back of the plate.

There were present at this meeting W. Ames, I. C. Horton, G. H. Caper, J. Endicott, H. L. Zenno, R. L. Weston, W. Packard & E B Draper.

Photographs were graciously presented by R. L. Weston, I C. Horton, J. Endicott & E B Draper.

To sum up the results of the evening: no new discoveries were made except the fact that the President may possess great powers as a raconteur and that psychology may encroach upon Mr Zenno's time which is usually devoted to photography

KANTON KAMERA KLUB.

Irregular Meeting, January Sixteenth Nineteen Hundred and Five

A prominent and wealthy citizen of Boston, whom modesty forbids me to name, had a rather interesting experience in Boston's Tenderloin district on the night of January 16th. He was held up by a constant succession of fat and rugged sidewalk workers with the request that he feed them because they were so thirsty they did n't know where they were going to lay their heads that night. The prominent and wealthy citizen had been held up in that neighborhood before, however, by fat and friendly people of abundant leisure and having applied to the associated charities for instructions he knew just what to do with them. Accordingly these hoboes from Hoboken were taken to the continuous-performance-dining-and-internal-bath parlors known as Mieusset's where a branch of the Salvation Army ~~known~~ called in derision ~~as~~ the Kanton Kamera Klub, has of late established a rescue fund. These sidewalkers gave the following names, evidently fictitious; Frederic Endicott, I. Chester Horton, Fred W. Sumner, Richmond L. Weston, George Burt, J. D. Dunber, G. Walter Capen, Charles H. Eager, Herbert L. Fenno, Winthrop Packard. There the six day obstacle race of viands and the frequent flow of bowl was received by the hungry thirsters with Such increasing enthusiasm that the ~~other~~ lady diners who had been ~~wont~~ anxious to receive them with open arms withdrew their smiles, being evidently of the opinion that the hoboes were getting their smiles otherwise, and in quantities also unwise.

~~The~~ An itinerant and unpublished poet who gave his name as Eager, being so full of good things that he had to give up something spouted poetry which is here appended and which gave such unqualified

ight to those assembled that people began to come in from outside anxious to take the poet and his colleages away with them. The wisdom of Confucius, alias Endicott, had however been so long imbibed by the gang that they were able allay the excitement and the police the next morning reported one more unsuccessful raid on Mieusset's. As to how that was done is another story, and when the people at neighboring tables realized that they fled; they had heard too many ~~of those~~ stories already.

At this point larder and kegs being alike empty the hoboes got uneasy and at the earnest request of the entire Mieusset staff the agent of the disguised philanthropic society took the crowd to the neighboring insane asylum, politely called The Columbia Theatre, where they watched the antics of the inmates till they decided that, foolish hobes as they were, they were entirely outclassed here, and were given leave to withdraw. As to what happened there I quote from the next morning's issue of a newspaper , sometimes known as Zions Herald, I do n't think.

Columbia Audience in Ecstasies Over Some Features Not on the Bill

"Fun in an Office" Called for by the Programme, But Most of It Came After the Curtain Shut off View of the Office.

"Fun in an Office" opened at the Columbia Theatre last evening. They call it "a musical melange in one act." But it has variety. There are character sketches, some music, some "melange," some song and dance work, much burlesque—and other "stunts." But the "Fun"—"in an Office!"

Most of it happened after the second drop curtain had shut off a view of the office. "The charming Claussen sisters" did a song and dance specialty. In other musical melanges song and dance performers have sung to "marks" in the audience. The Claussen sisters went them one better. They skipped over to the boxes and sang enticingly to the occupants. The calcium beamed thither in friendly fashion. The occupants were much embarrassed. One of the sisters tilted a smiling countenance very closely. Whereupon one courageous occupant rose to the occasion nobly. From the gallery came a roar followed by flattering comments. Then another brave youngster in the opposite box rose to the occasion. Likewise another demonstration of approval from the rafters. Exit the Claus[illegible] (Applause.)

And the "Fun in an Offi[illegible] all happened previously. It[illegible] went unnoticed. The gallery [illegible] the whole thing—when it w[illegible] the gallery bespoke excellen[illegible] judgment again in applauding som[illegible]pecialties—when they went. The exhibits:

A—"The Cosey Corner Girls" burlesque company, with a cast made up of George Dupree, Anlie Claussen, Lily Dupree, Dot Claussen, Margie Gilette, Flo Lazelle, Lillian Keevey, J. O'Brien, Hattie Benjamin, Leo Stevens, Annie [illegible], John Walsh and Andy Adams. (The chorus had some pretty girls, but the omnipresent, unwelcome calcium continually hid them from sight of the audience.)

B—"In Dear Old Heidelberg," or "A Day at the Races." This was a little more lively. They got some action and go into the sketch—and the gallery gods therefore let out much pent-up approval.

C—Root and Dorlon, winners of the six-day bicycle contest at Madison Square Garden, did an interesting "stunt" on home trainers.

The Columbia Theatre has had other "melanges," but the show there this week excels them all—in a certain way.

A feature of the evening not down on the programme was the behavior of ten Rubes from rural Roxbury or beyond who were supposed to be occupying seats in the orchestra circle but who could with difficulty be kept from invading the stage every time the bewitching beauties of the caste kicked off another high hat. Most prominent of the ten were ~~those~~ the 4 who came to be known to the audience as the two Freds, Dick, and Doc, because of the remonstrances of their friends who had to hold their coat tails in tug of war fashion all the time the Claussen sisters were passing pouts to the two men in a box. The Columbia show was something touching but in spite of their enthusiasm none of the rubes were able to get next and they saved their money by leaving the theatre before the fall of the curtain."

Such is the Boston American - Zion's Herald report. Knowing the accuracy of newspapers and the high character of the publication quoted it must be taken as a correct one though it hardly describes the height of the excitement.

The late train out of town carried more than the usual riotous gang but so far as reported no arrests were made.

Pictures received;

1 A beautiful girl with peroxide hair, pink picture hat, diamonds, and a gray walking skirt, taking with her from the table the sad tale of the hospital monkey.

2 The Claussen sisters engraved on the hearts of ten rubes, framed in unsatisfied aspirations.

3 The head waiter at Mieusset's in a state of coma.

4 The Kanton Kamera Klub's treasurer and his purse, before and after.

e police of the tenderloin section on their knees before a shrine praying in concert, "Ave Maria, take 'em away."

6 A composite picture of a rube with his head under the pump for two hours the morning after.

Will you kindly thank the members of the K.K.K for their expressions of sympathy for me after my accident. I am going to Walpole every day now, and hope to discard my sling in a couple of weeks.

I should be pleased to have the Klan meet with me in April.

Canton, Mass.

Dear Ned:

This is the quotation from the New England Magazine for March 1906, in the article called "Canton, among the Blue Hills":—

"Another Canton Club of note is the Kanton Kamera Klub, which "considers first, sociability; second, discussion of the topics of the day; third, photography." That the last is by no means a negligible quantity is evidenced by the fact that the club has in its archives many hundred splendid photographs taken by its members

The March meeting of the K.K.K. was held at the house of the president Mr. Frederic Endicott on Monday evening the 17th.

We were obliged to call attention in our last report, to one of those little tangents at which our worthy president periodically departs from the normal curve of his existence, this particular tangent having interfered so materially with his duty to the K.K.K. It is pleasing to be able to state however that on this occasion his centrifugal force was great enough to bring him back to a statical balance, so that with the meeting called at his house he was able to be on to his job again.

The name of Ames will be noted as among those present at this meeting, whether he came willingly or not, one fact is certain he dared not do otherwise, as some of the earlier arriving members will testify, after listening to the telephone call in which the president militantly commanded his appearance

The meeting was about to be formally

opened by the reading of the report when someone suggested that we wait for Mr Packard. In view of the disturbance caused at the last meeting, and with a pre-monition that such conduct would not be allowed to go without censure, it may be that the turbulent party did not feel them-selves quite strong enough to ~~support~~ endure this censure without the support of their most arch con-spiritor, at any rate the business of the even-ning was not allowed to proceed until after Mr. Packard's arrival.

It would seem that we are living in a trust age, the trust bacillus even pushing itself so far as to canker literature, and leading some writers even of good repute into the illusion that the dictionary was created solely for their use.

This tendency was brought strongly into prominence, when after the reading of the report of the last meeting, the member whose delinquency has already been noted, think-ing doubtless to smuggle the secretary after trust methods, fatuously called for the definition of several words in the report which had either escaped his comprehension, or more likely

he wished to inaugurate were allowed only to the use of the elect. The president ever ready to accept any gague of controversy, immediately produced a dictionary which though small in volume proved weighty enough in definition to satisfy — or at least silence — the inquisitive member, and it is to be hoped offering a warning to all trust methods.

The report of the previous meeting which had been tabled through the malicious ~~and mischievous~~ spirit of the mischievous parties mentioned and whose censure should naturally have followed — was called for and was again tabled after an undignified wrangle — by the one vote which had been so slyly gerrymandered.

As so often happens, what seemed almost ignominious dissolution, was turned to a love feast by the bountiful table, hospitably served by the host and peace and harmony were thus established by the final turn of the Kaleidoscope.

The April meeting of the K.K.K was held at the house of Mr Fred. W. Sumner on Monday evening the 21st.

From the experience gained at this meeting ~~our members~~ it would seem that our members are acquiring the fashionable habit of late hours; for the secretary came late himself expecting to find all others assembled and he was surprised to find only the host alone in the house and in such a perturbed state of uncertainty that he was almost ready to entertain the suspicion that an aberration had occurred in the sending of the notices, however Chester drifted along soon after which caused the strained look of suspicion to relax and one by one the other members dropped in until finally it was quite a full assemblage.

Whether by accident or intention, in the room there were all sorts of dime puzzles lying about and as each member arrived he seemed instinctively to connect with some particular one of them, then immediately to become absorbed in its solution and soon oblivious to everything else about him

Even the president whose natural gravity of deportment would lead one to think him immune to all such practices, could not es-

cape the contagion and finally he had caught the fever so badly that it was with difficulty that he could be suffeciently arroused to be able formally to open the meeting.

Mr Fenno not happening at once to connect with a puzzle, and never being willing to be left out, essayed a trick puzzle requiring cents, and having none of his own, by borrowing from a fellow member was able to produce a four move puzzle which kept a few guessing.

Mr Packard as usual arrived late - and probably sleepy - for although he at once coupled up with a wire puzzle, it was only as he dozed off over it, ~~that his fingers~~, that his fingers accidentally brought the wires into the right position for solution and as the wires came apart in his hands he awoke with ~~an appr~~ a comical expression of wise achievment. The question of the seasons outing was brought up and discussed with more or less interest - but it was found that nothing could be decided upon as Richmond the mentor of all outings was absent. With the combination of Ames and Sumner present, it was expected that we were to be favored with some music but Ames pled a sore finger as an alibi and there was nothing doing.

Although through the various distractions

noted the first part of the evening may have been rather quiet for a K/K meeting by the time that lunch was announced everybody was thoroughly active, ready to do - and did do full justice to all the good things which were set before them.
